### Provider Description

#### Information provided by the provider describing their agency:

Jewish Family Services' predecessor organization was founded in 1912. Originally established to serve destitute Jewish widows and orphans, in contemporary times the agency has evolved into a multi-service, nonsectarian agency that serves clients of all cultures and religions.

The JFS mission is to enhance and strengthen quality of life through the Jewish tradition of caring and compassion. JFS achieves its mission by helping individuals and families progress toward emotional well-being, self-reliance and more positive relationships

The goals are to provide effective preventive and therapeutic services that meet the complex needs of clients, and to promote clients' self-sufficiency. This is accomplished within the philosophical framework of a commitment to serving clients who are in need, whether their need is emotional, spiritual, functional, material or financial.
